Gaze

27 Feb - 4 Mar 2014

Gazing...to be gazed at?...

This exhibition is about contemplation, looking at things in the world. Artists will freely explore their personal views and express in their works any thoughts or spontaneous reactions brought about their observation of objects, people, nature or any other living or static forms. They may also 'play around' taking into consideration psychoanalytical and philosophical theories about the concept of gaze.

PRIVATE VIEW

Thursday 27 Feb 6-9pm

Performance: Jonathan Farias at 8pm

159 Bethnal Green Road E2 7DG

Open daily 1-7pm incl. weekend

Thurs 4-9pm, Tues 1-5pm
